

MobileZoneSystem

Efficient, Mobile Gas and Dissolved Ozone Generator

The MobileZone ozone injection system is designed to seamlessly integrate into multiple waterlines throughout the disinfection process. These systems offer a turn-key solution, with reliability and performance you can trust.

WHY MOBILEZONE?

The Mobilezone's engineering provides both ambient and dissolved ozone more efficiently than any other mobile ozone generator on the market. Its integrated oxygen concentrator and compressor offer a simple, ready-to-use system. Available for rent or purchase.

MobileZone System Configurations

MOBILEZONE SYSTEMS	OZONE OUTPUT	OZONE DOSAGE RATES	MAX FLOW RATE
Mobilezone-20	20 g/hr	1.5 ppm @ 25 gpm - 7.7 ppm @ 3 gpm	25 gpm
Mobilezone-40	40 g/hr	3.6 ppm @ 19 gpm - 25 ppm @ 2 gpm	25 gpm

• The above specifications are under ideal conditions (transfer efficiency >85%, water pH neutral, clean and chlorine free water, etc.).

OPTIONAL EQUIPMENT	DESCRIPTION
AS-500 Dissolved Ozone Monitor	Monitors and controls ozone levels in the water (ppm)
ORP Meter	Monitors ORP level in water; will also control ozone levels with indirect reading
Remote Ambient Ozone Monitor	Monitors ozone levels near water point-of-use for safety purposes
50Hz Power	Necessary for overseas use

• Other options and larger systems available. Contact Ozone Solutions for more information on these and our other products.

About Ozone Solutions

Founded in 1997, Ozone Solutions has grown to become a worldwide leader in commercial ozone machines, ozone engineering, and ozone repair services that allow commercial and residential customers to address odor elimination and bacteria and pathogen disinfection.

Ozone Solutions designs and manufactures over 400 ozone-related products, including ozone generators, ozone monitors, and ozone injection systems. We also offer ozone machines for rent. Our line of ozone products serve national and international customers in industries such as healthcare, food & beverage, cooling tower, water treatment, and cannabis production. We provide

options from hand-held portable ozone monitors, to small commercial generators, to large-scale industrial ozone systems for both air and water disinfection.

Ozone Solutions provides custom tailored products for customers' specific applications. We offer engineering, integration consultation, and on-site support. Every Ozone Solutions system comes with features specifically designed to simplify installation and maintenance, while integrating seamlessly into your current process.

Better process. Better product. Better planet.
