

# SinkZoneSystem

Aqueous Ozone  
Disinfection System

The Sinkzone system effectively kills harmful micro-organisms, providing a chemical-free rinse for produce, dishes, and drinkware while simultaneously sanitizing the sink and removing biofilm and odors from the drains.

## WHY SINKZONE?

This simple to use, automated system provides improved food quality and safety by killing bacteria, viruses yeast, and mold - preserving flavor without chemicals. Its integrated point-of-use produce wash and continuous ozone dose prevents cross contamination. And, its an approved organic and sustainable process.

steel body  
enclosure

Dissolved ozone  
concentration  
up to 3ppm

Central switch  
to start and stop  
entire system

Water Flow  
maximum of 2  
grams/minute

# SinkZone System Specifications

## SINKZONE SERIES SPECIFICATIONS

Electrical Requirements	120V 60Hz 2A
Water Flow	1000-2000 mg/m (1-2 g/m)
Dissolved Ozone Concentration	0.5-3 ppm
Water Inlet (Female NFPT)	0.5 Inches
Water Outlet (Male NFPT)	0.5 Inches
Warranty	1 Year

- Other system configuration is available
- The above specifications are under ideal conditions (transfer efficiency >85%, water pH neutral, clean and chlorine free water, etc.)

## About Ozone Solutions

Founded in 1997, Ozone Solutions has grown to become a worldwide leader in commercial ozone machines, ozone engineering, and ozone repair services that allow commercial and residential customers to address odor elimination and bacteria and pathogen disinfection.

Ozone Solutions designs and manufactures over 400 ozone-related products, including ozone generators, ozone monitors, and ozone injection systems. We also offer ozone machines for rent. Our line of ozone products serve national and international customers in industries such as healthcare, food & beverage, cooling tower, water treatment, and cannabis production. We provide

options from hand-held portable ozone monitors, to small commercial generators, to large-scale industrial ozone systems for both air and water disinfection.

Ozone Solutions provides custom tailored products for customers' specific applications. We offer engineering, integration consultation, and on-site support. Every Ozone Solutions system comes with features specifically designed to simplify installation and maintenance, while integrating seamlessly into your current process.

**Better process. Better product. Better planet.**
